No, we are just getting a CIC translation/routing with QWEST on the IXC side. Instead of having our own FGD trunks, our CIC code will be riding the Qwest network.

Definately.

Great news. Do you have a due date for New York?

Can you provide me the the 26 codes/Trunk Group ID's for our trunks in the southern California GTE tandems as soon as possible. I need them for the disconnects/moves.

Thank you for your help.
